

Colley Gate Gardening Club show 2015 - my garage was chokka ready for our Annual Open Show

We have a good sized hall with a stage; not a bad turn out of produce to say we have had a weird year weather wise!

One and a half lengths of table for veg

We also have classes for roses, sweet peas, gladioli and pot plants

There is also always a good turnout of chrysanthemums

We have seventeen classes for dahlias and in all sections we have a novice class for the beginners

Gladioli get better each year, and I love 'em! And then the veg again

This is the kids section - 1 flower, 1 veg, 1 fruit, 1 plate of cakes

Pot plants, fruit, master gardener class and veg

Pot plants and chysanths

Colley Gate master gardener class,
flowers, veg and fruit

Best exhibit in chysanths

Floral art and artistic classes
